No. FS-01/2026

Government of Pakistan

Ministry of Defence (Defence Division)

Pakistan Meteorological Department

Dated: 16-06-2026

Time of issue: 1645 PST

Flash Flood Advisory **DG Khan Division Hill Torrents**

According to the latest hydrometeorological conditions, scattered to widespread rainfall with isolated heavy falls is expected over the catchment areas of the hill torrents of Dera Ghazi Khan during the next 24 hours. Consequently, **Low to Medium-Level flows are expected in the nullahs of DG Khan and Rajanpur districts.**

Concerned authorities are advised to remain vigilant and take necessary precautionary measures. Residents of vulnerable and low-lying areas, particularly those near streams and nullahs, should remain vigilant and avoid unnecessary movement during the forecast period.
